

## Ronald McDonald House® Pop Tabs

It only takes a few seconds to pull the tab from an aluminum can. Collect the tabs off the top of aluminum soda cans, vegetable/soup cans and pet food cans and bring them to our House — we recycle them and receive a check in return. If you live in a different city, you can take them to your local recycling company and ask them to send us the check.

- The best way to turn in your tabs is in a Ziploc or trash bag.
- Collection houses are available for pick-up or you can create your own.
- **You can also register for the Pop Tab Pandemonium Contest**— schools, individuals, church groups, or other groups can sign up to see who can raise the most pop tabs in a year. The winning group/individual will receive a special trophy and PRIZE! If you are interested in enrolling please contact Emily Piechocki 501-978-3119 or [emily@rmhclittlerock.org](mailto:emily@rmhclittlerock.org).

## Did you know?

- About 1,200 Pop Tabs make one pound.
- It takes approximately 120 pounds of pop tabs to fund a one night stay at the House (based on average price of \$.50 per pound of aluminum).
- We don't collect the whole can because of cleanliness issues, as well as lack of storage space.
- This year we expect to raise \$10,000 through the pop tab program.
