

Ronald McDonald House[®] Supper Club

Families at the Ronald McDonald House (RMH) appreciate you taking your time and resources to provide a meal. After a long day at the hospital, nothing is better than coming back to a home cooked meal. With the hundreds of worries that come with having a critically ill child, dinner should not be one of them. This is a piece of stress the Ronald McDonald House is trying to eliminate through the RMH Supper Club. So thank you for your contribution to our families...it does not go unnoticed.

Guidelines

- Dinner should be ready to serve at 6:00 PM. We will sit the food out in buffet style.
- You are not required to stay the entire length of the meal, but you are more than welcome to stay as long as you like to visit with families.
- You must provide enough food to feed 35 adults. There are no dietary restrictions.
- You can cook your meal at the Ronald McDonald House (we have 2 kitchens with ovens, stoves, microwaves, etc.) or you can bring the meal in already prepared.
- If you need to drop off the meal early, please leave any instructions with the food if applicable.
- We have water and a coke machine available for families so drinks are not required, however, they are always welcome. We have one drink dispenser you can use if needed.
- We use plastic plates and utensils for meals. Donations of these items are always needed so if you are able to provide them with your meal it will be very much appreciated.
- The House has an ice machine if needed.
- Leftovers will go in the common refrigerator for latecomers and lunch the next day.
